

## Company Overview

**VANCORIS Federal Services, LLC** is a **Service-Disabled Veteran-Owned Small Business (SDVOSB Pending)** providing **PMP®-certified** specialized infrastructure construction, program management, and mission-critical logistics. Led by an **MBA-trained** executive with a background as a **Federal Special Agent (HSI)** and **USAF Joint Terminal Attack Controller (JTAC)**, we bridge the gap between complex federal requirements and disciplined, on-the-ground execution.

Our firm is anchored by a senior subject matter expert bench with over **70 years of combined experience** managing **multi-million dollar infrastructure projects**, global supply chain synchronization, and high-consequence federal operations. We leverage this institutional depth to deliver measurable results, ensuring strict adherence to **FAR/DFARS compliance** and fiscal accountability. At VANCORIS, we provide the **structural integrity** federal missions depend on.

## Core Competencies

- **Infrastructure & Civil Construction:** **46+ years of combined experience** in complex underground utilities, site development, and horizontal construction involving **multi-million dollar** project oversight.
- **Strategic Program Management & Consulting:** **PMP®-certified** lifecycle oversight, **MBA-level** financial rigor, and strict **FAR/DFARS compliance**.
- **Operational Readiness & Integrated Logistics:** Led by a former **Army Logistics Officer**, we provide high level sustainment planning, supply chain synchronization, and readiness frameworks.
- **Specialized Mission Support & Staffing:** Force multiplication through highly vetted professional personnel, investigative services, and specialized tactical training.

## Differentiators

- **Elite Leadership:** Founded by a former **HSI Special Agent** and **USAF JTAC** with direct experience in high-stakes federal missions.
- **Scalable Capability:** Technical bench history managing **multi-million dollar infrastructure assets** for commercial and municipal stakeholders.
- **Certified Precision:** **PMP®-certified management** ensuring disciplined execution, transparency, and federal reporting accountability.
- **Institutional Depth:** Over **70 years of collective team history** in civil infrastructure, global logistics, and federal operations.

## Team Performance

- **Infrastructure & Civil Works:** **45+ years of combined team experience** managing complex underground utility installations and multi-million dollar horizontal construction projects.
- **Facility Rehabilitation:** Completed **over 100,000 sq ft** of high-durability flooring and structural upgrades in intensive industrial and commercial environments.
- **Global Logistics & Sustainment:** **10+ years of officer-level experience** in the U.S. Army managing large-scale asset distribution and operational readiness.
- **Federal Mission Support:** Over **10 years of operational experience** managing sensitive missions, including roles as a USAF JTAC and Federal Special Agent (HSI).
